The best expression of Chenin is as a dry wine, with flavors of quince and apples, an off-dry style, developing honey and floral characteristics with age. In the best vintages the grapes can be left on the vines to develop noble rot, producing an intense, viscous dessert wine which may improve considerably with age. Its high acidity means it can be used to make everything from sparkling wines to well-balanced dessert wines, in cool areas the juice is sweet but high in acid with a full-bodied fruity palate.
