CHINESE CUISINE

#### The chinese gourmets' notes

To show their appreciation and admiration of spectacular chinese dishes, song dynasty gourmets wrote a great deal about chinese gastronomy. According to tradition, chinese gourmets judged food based on the aroma, presentation, palatability, and texture.

Aside from these factors, a perfect chinese meal must have the balance famous four natures and five tastes. Four natures refer to the hot, the warm, the cool, and the cold while five tastes refer to pungent, sweet, bitter, sour, and salty.

Fortunately you do not have to go to china to experience their mouth-watering dishes.

These characteristics are present in chinese cuisine served here at whispering bamboo

Delicacies from whispering bamboo kitchen are a treat to your taste buds with the wonderful flavours of the orient.

## DELECTABLE DIM SUMS

Literally meaning to touch the heart as they are a delicious light bite rather than a meal, dim sums are delightfully delicate, light and tasty dumplings. Originating in the warm and friendly teahouses of canton, to satiate weary travellers and farmers, they truly delight the modern day global diner!

The dim sums at whispering bamboo are prepared from a secret recipe that ensures the casing is soft, slightly chewy and translucent. Steamed or very lightly shallow fried, prepared with a variety of vegetarian and non-vegetarian fillings; and served with zesty sauces, they are a perfect appetizer and could easily be a delectable mini-meal as well. Please allow 15 minutes for service of steaming hot dim sums
