octave

There's a reason why a bar is the term given to a measure of music; both, tunesmiths and bartenders help raise one's spirits.

Can you think of The Blues without the brews? Champagne without a 'Pop'? A solo performance without a Single Malt? Remixes without cocktails?

At Octave, we are serving up a heady mix of your favourite thirst-quenchers and soul-stirrers. We've got potions that will leave you Comfortably Numb. Concoctions that will help you Break On Through To The Other Side. Heatseekers that will get you All Shook Up. And scores of bands, served up Live and Kicking.

Can't Get No Satisfaction? Still Haven't Found What You're Looking For? You will, here. And that's a promise.

CHAMPAGNES  
&  
WINES

## CHAMPAGNES

a toast! is obvious for any reason, any time, to be romantic. Champagnes, exclusively produced in Champagne, Burgundy, France are a blend of the grape varieties Pinot noir, Pinot meunier and Chardonnay, making use of only Premier Cru and Grand Cru-rated grapes.

Moët & Chandon, Brut Imperial, Epernay, France 12000

## SPARKLING WINE

the classic example of a sparkling wine is Champagne, but this wine is exclusively produced in the Champagne region of France and many sparkling wines are produced in other countries and regions, such as Espumante in Portugal, Cava in Spain, and Asti in Italy (the generic Italian term for sparkling wine being Spumante) and Cap Classique in South Africa. Most countries reserve the word Champagne for a specific type from the Champagne region of France. The French terms "Mousseux" or "Crémant" are used to refer to sparkling wine not made in the Champagne region. German and Austrian sparkling wines are called Sekt.

## WHITE WINES

### Chardonnay

chardonnays make consistently excellent, rich and complex white wines. Typically, these wines offer bold, ripe, rich and intense fruit flavours of fig, melon, pear, peach, pineapple, lemon and grapefruit along with spice, honey, butter, butterscotch and hazelnut flavours. This is a very versatile grape and grows well in a variety of locations throughout the world, particularly in Burgundy, Australia and California.

Valdivieso Chardonnay, Maule Valley, Chile 4000

Lindemans Chardonnay, South Australia, Australia 4000

Jacob's Creek Chardonnay, Barossa Valley, Australia 4000

## Sauvignon Blanc

another great white varietal, this one is with a notable grassy or musky aroma. The pure varietal is found mainly in the Loire, at Sancerre and Pouilly-Fumé. New Zealand has had striking success with Sauvignon Blanc, producing its own perfumed, fruity style. Sauvignon blanc has also been a runaway success in India, owing to its perfectly bold taste.

Grovers Art Collection, Sauvignon Blanc, Nandi Hills, India 2000

Nine Hills, Sauvignon Blanc, India 2000

## Riesling

riesling may be the best of all the white wine grapes. Its homeland is Germany, where it has been cultivated since the 1400's or earlier. Riesling grapes, which originate in Germany's Rhine region, have sweet fruity flavours and aromas of flowers and fruits. Other characteristics of wines made from Riesling grapes include high acidity, creates more saliva on the palate which tends one to eat more. Petrol notes if aged. Pairs with Pork, Fish, Salads, Chinese cuisine, Thai cuisine, Mexican cuisine, spicy foods, Smoked foods, salty foods, slightly salty foods and Fruity desserts.

Sula Riesling, Nashik, India 2000

## Viognier

Grovers Raya White, Nandi Hills, India 2000

## Pinot Grigio

pinot Grigio grapes are frequently called Pinot Gris - "Pinot" means pine cone and "Gris" means "grey" in French. Pinot Grigio wines tend to have deeper colours than other white wines. Pinot Grigio flavours and aromas include fruit rinds, orange peel, and pear skins. Other Pinot Grigio characteristics include deep, dark colours and low acidity. Pinot Grigio from Alsace, France, tends to be full-bodied, floral, and lemony yellow. Pinot Grigio from Oregon, USA, tend to be medium-bodied, fruity, and copper-pink in appearance. Pinot Grigio from Italy tends to be sweet, acidic, and straw-yellow in colour.

Moletta Venezia, Italy 6000

### Chenin Blanc

Chenin Blanc is a versatile white wine grape variety known for its high-acidity and ageing potential. A versatile player in wine and food pairings. Lighter, dry styles can pair well with light dishes such as salads, fish and chicken. The sweeter styles of Chenin Blanc can balance the spicy heat of some Asian and Hispanic cuisines.

The acidity and balance of medium-dry styles can pair well with cream sauces and rich dishes like pâté. Food matches include shrimp ravioli, parmesan gratinated scallops, barbecued pork and lemon meringue pie.

## RED WINES

### Cabernet Sauvignon

This grape is a remarkably steady and consistent performer all over the world. In Bordeaux it is blended with Cabernet Franc, Merlot and Petit Verdot to create some of the world's most famous wines. In California, it produces wines of depth, richness and longevity. For our Cabernet Sauvignon collection we have a few outstanding styles of this great red grape.

Sula Dindori Reserve Shiraz, Nashik, India	2000
Nine Hills, Shiraz, Nashik, India	2000

### Merlot

Merlot is the red wine success story of the 1990s: its popularity has soared along with its acreage. Although it dominates most of Bordeaux, it also produces great variants in Chile and Italy. Unblended, the Merlots produce simple, light, balanced red wines highlighting their drinkability.

Woodbridge Robert Mondavi, California, USA	7000

### Pinot Noir

Pinot Noir, the great grape of Burgundy offers the classic black cherry, spice, raspberry and currant flavours and an aroma that can resemble wilted roses, along with earth, tar, and herb and cola notes. A fickle grape to grow as it reacts to environmental changes is therefore different in different parts of the world. It pairs with most meats except for wild game, grilled poultry, grilled fish, grilled pork, grilled tenderloin and grilled lamb.
